We are going to examine five foundational teachings of Jesus that have the power to ignite the spark of change — in ourselves, in others, in our church family, and in the world around us. These messages will be done through out the Summer Months. What I am praying for is that this time would encourages us to be the initiator in the change we want to see take place, as in: "I'll take the first step toward peace, toward reconciliation, toward forgiveness, toward kindness, and toward compassion." The promise of Jesus is that when we strike the match, so to speak, the fire will begin to spread.
